

Electrical Part for Forklifts

Electrical Parts for Forklifts - Lift trucks could be particularly marked to be used in unsafe places. A labeled lift truck denotes the design has met the least requirements of ANSI/UL 558 utilized for engine powered trucks or ANSI/UL 583 used for electric trucks for the type of label attached.

Applications for labeled forklifts may be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Areas of Use, Maintenance and Operation, and Type Designations. Check with your local insurance carrier and Fire Marshall for more information regarding the permitted uses of industrial powered lift trucks in your application.

If the lift truck has been found to satisfy the outlined standards, the following labels may be placed. A labeled truck would have the model description located on the lift truck nameplate and will have one of the following labels attached.
